NOW BUILDING OUR TEAM

Field Sales Partner — Commission Only, Set Your Own Hours (1099)

Sell services people already need. Get paid on every job. Your rate keeps climbing.

Handled is a Detroit-area home and business services company: cleaning, lawn and snow, hauling, handyman, painting, roofing, fences, remodels, websites and more, done by insured, background-checked pros. We're building a team of independent Field Sales Partners. **Work a few hours a week or make it your main income. You choose.**

Two ways to earn

1 · Direct sales: you sell it, we do it

Meet a homeowner, landlord or business with a job. With their OK, snap 3–4 photos on your phone and fill out a sales ticket on your partner page. You see the upfront price right there. The customer pays Handled on your phone or from the text we send them. You never handle money.

2 · Referrals: you send them, we sell it

Share your link or your code, or send us a referral ticket. When someone new books, you earn on every completed job from them for 12 months, repeat visits included.

How you're paid

DIRECT SALES

10% → 45%

of **our profit** on every completed job you sold (the job price minus what the pro is paid)

REFERRALS

15% → 30%

of **the job price** on every job from a customer you refer, for 12 months

- You start at the low end and go up **one point at a time** as you grow (45% for sales at $1,000,000 of credit). Sales count 1.5× toward your next raise, and every 10 jobs also moves you up a point, to 20%. **Your rate never goes down.**
- Paid **weekly** to your bank through Stripe once each job is past our 30-day guarantee.
- Example direct sale: a $400 job where the pro is paid $300 = $100 profit → **$10 at 10%, $20 at 20%, $45 at 45%**. Big jobs (roofs, remodels, commercial cleaning contracts) pay much more.

Earnings are estimates, not a guarantee. This is a commission-only, independent role, and what you earn depends on the jobs you close.

Why it's an easy sell

- An upfront price in under a minute, from photos
- Insured, background-checked pros, and photo proof when the job is done
- A free redo if anything's missed
- 100+ services, so almost everyone you meet needs something

What you need

- A smartphone with a camera, and comfort talking to people
- Reliable transportation for in-person sales (referrals work from anywhere)
- 18+ and able to receive payouts through Stripe (bank account or debit card)

How it works

1. Sign up at the link (2 minutes). You get your partner page, code and link right away.
2. Write your first sales ticket, send a referral, or share your link.
3. Track every ticket, job, commission and your next raise on your partner page.

You're an independent partner, not an employee: no fee, no quota, no set schedule. We send a 1099 if you earn $600+ in a year.

About "part-time / full-time": the post says *work a few hours a week or make it your main income* instead. That gets the same message across without making the role look like employment, which matters for a 1099 role. If your attorney is comfortable with it, you can add "part-time or full-time hours, your choice" to the title.

Before you post: have your attorney review this post and the partner terms (partner-v4). Topics to cover: independent-contractor status, the commission-only disclosure, and consent for the texts partners trigger. Rates: direct sales 10% → 45% of Handled's profit; referrals 15% → 30% of the job price, both rising with level credit.
