Rent-ready turnovers. One booking.

Cleaning, turnovers, repairs and grounds for Detroit-area properties — one vendor, photo proof on every visit.

Dear [Name],

Every day a unit sits empty costs you rent, and every extra vendor costs you time. Handled Services helps property managers like you turn units faster and keep every property in shape — with one vendor and one account.

Tell us the address and the move-out date. We handle the rest and show you the proof.

What we take off your plate

- **Unit turnovers.** Cleanout, deep clean, touch-ups and punch list — rent-ready in one booking, with photos of every room.
- **Ongoing care.** Common-area cleaning, lawn and snow, gutters and power washing, on a recurring schedule.
- **Repairs & maintenance.** Handyman, plumbing, appliance and lighting work, by licensed trades where required.
- **Clean-outs & hauling.** Junk removal and abandoned-item cleanouts between tenants.
- **Simple to buy.** Exact price online, 25% to book, the rest when it's done. Larger projects start with a free site visit and no deposit.
- **Built for portfolios.** Every property and invoice in one account, with PO numbers and cost centers. Insured, background-checked pros, backup crews and a 30-day make-it-right guarantee.

Have a turnover coming up? Send me the address and move-out date — call or text (313) 639-9373 or email info@handledsvc.com — and I'll get you a price the same day. Or book now at handledsvc.com/business.

Sincerely,

[Your name]

P.S. Managing several properties? Ask about recurring schedules for common areas and grounds — they book themselves once they're set.
