

Welcome to Handled

3. What you'll sign (all online)

These are signed electronically in your Pro portal. You can read every document in full, in English or Spanish, before you sign. A signed copy of each one is saved in **Pro portal** → **My contracts**, and you can open or download it any time.

Everyone signs:

Document	In plain English
Independent Contractor Agreement	You run your own business: you choose your offers, hours, methods and helpers, and you can work for anyone, including competitors. Every offer shows your exact payout before you accept; you can also decline or counter. Payouts go out free every week (instant cash-out is optional, for a 1.75% fee). Discounts never reduce your pay, and tips are 100% yours. You fix workmanship issues within 30 days. You agree not to take customers you met through us off the platform for 12 months. There is no non-compete. Disputes go to individual arbitration, and you can opt out within 30 days.
Pro Code of Conduct	Be respectful, honest and safe. Zero tolerance for harassment, discrimination, violence, theft or working impaired. Take photos of the work area only. No smoking at customers' homes.
Pro Deactivation Policy	Offers stop only for the objective reasons listed, never for declining offers or working elsewhere. Performance issues get a written warning and time to improve. You always get written notice and a human appeal. Money you've earned is always paid.
Background Check Notice	Plain-English explanation of our yearly check (criminal records, sex-offender registries, and your driving record for driving trades). It also covers your right to a free copy of your report and to dispute it, with at least 5 business days to respond before any decision.
Location & Communications Consent	Location is used only while you're on call or have a job that day. Customers see an approximate position only on the way to their job, and stored locations are erased after 12 hours. Texts, push and email are about offers and jobs; reply STOP any time. Marketing messages are optional.

Also signed, depending on your situation:

Document	Who signs it
Trade addendum (one per trade group)	Matches the trades you picked: Cleaning, Carpet, Organizing & Auto Detailing · Outdoor Work, Trees, Snow & Heights · Hauling, Junk Removal & Containers · Licensed Trades & Home Improvement · Errands & Deliveries · Events, Food & Venues · Pet Care & Pet Waste · Security · Passenger Transportation · Medical Courier & HIPAA · Recruiting
No-employees statement (workers' comp)	Solo pros with no employees, instead of a workers' comp policy
Crew Addendum	Pros who add helpers or crew members to their account
Rewards Terms	When you join Handled Pro Rewards (points on your jobs, redeemed for gear, gift cards and trips)
Background check disclosure & authorization	Everyone. This is signed on Checkr's secure site (a separate standalone form, as federal law requires), not in our portal
Stripe Connected Account Agreement	Everyone, during payout setup on Stripe's site. Stripe holds your bank details; we never see your full account number

How electronic signing works

- You read the document, type your full legal name, and tap **I agree**. That's a legally binding electronic signature under the federal ESIGN Act and Michigan's Uniform Electronic Transactions Act.
- We record the date and time, the version you signed, and a digital fingerprint of the exact text you saw, so the copy in *My contracts* is exactly what you agreed to.
- If a document changes later, we'll show you what changed and ask you to sign the new version in your portal.
- Spanish versions are available for every document. Switch the language in your portal.

4. What you'll upload

Upload	What we check	When it's due again
Signed W-9	Name and tax number match	If your business details change
Certificate of insurance (general liability)	Limits, dates, and Handled Services LLC as additional insured	Before it expires. Offers pause on the expiry date and restart when you upload the renewal
Trade coverage (auto, bond, liquor, passenger)	Limits and dates	Before it expires
Trade license	Active with the state, matching name	Before it expires
Workers' comp policy (if you have employees)	Active policy	Before it expires

Only the last 4 digits of your SSN/EIN are stored in our database. Your W-9 and other documents are kept in private storage that only you and authorized Handled staff can open.

5. After you're approved

- **Offers** arrive in the app and by text, each showing the scope, date and your exact payout. Accept, decline or counter. Declining never counts against you.
- **Pay:** customers prepay. Your payout goes out **free every Monday** to your bank. Need it sooner? Instant cash-out is optional, for a 1.75% fee.
- **Taxes:** you'll get a 1099-NEC each January for the year's payouts. Set money aside, since no taxes are withheld.
- **Rewards:** earn Pro Rewards points on every job, with more for great work and for staying with us.
- **Reminders:** we'll remind you 30 days before any insurance or license expires.
- **Help:** reply to any Handled email, or write to info@handledsvc.com.
