

City of Detroit

Request for Proposal

Janitorial/Custodial Services

for the

**Detroit Supply Schedule
Schedule 2**

RFQQ No. _____

Part 1 – Services

OVERVIEW

The Detroit Supply Schedule Program establishes long-term indefinite delivery indefinite quantity city-wide contracts with commercial firms for a wide range of goods and services to meet the demands of Detroit agencies and service delivery to the citizens of Detroit. Once the program is fully implemented, specific jurisdictions outside the City of Detroit will be able to use the Detroit Supply Schedules.

BROAD SERVICES OFFERINGS

The services identified in Schedule 2 for Janitorial/Custodial Services is based on the Schedule Item Numbers specified herein. Offerors must clearly identify the ITEMS they are offering in response to this Request for Qualifications (RFQQ). Offerors may submit proposals for all Items or specific Items under Schedule 2 for Janitorial/Custodial Services.

PURPOSE

The purpose of this Janitorial/Custodial Services Request for Qualifications is to enable the City of Detroit and other municipal jurisdictions to meet demands for a broad range of services related to Janitorial/Custodial Services, to include but is not limited to:

JANITORIAL/CUSTODIAL SERVICES

Services include, but are not limited to the Janitorial/Custodial Services: Cleans and maintains interior and exterior designated buildings to include individual offices, hallways, stairwells, elevators, escalators, bathrooms and common areas. Involves periodic heavy cleaning tasks and daily routine inspections. The Services will also include BIO-Hazard clean-up and disposal on an as needed basis according to OSHA standards and regulations. This includes bodily fluids and waste, solid waste, chemical clean ups or spills as needed. Steam and pressure cleaning of buildings, windows inside and outside. Garbage/trash removal and disposal services at various City locations including parks, recreation facilities and outside of City buildings.

Set-Aside: **Yes (Certified Detroit Businesses)**
Maximum Order 5-Year Limitation: **\$43,194,223.02**
The Schedule Item Numbers (ITEMs) for Supply Schedule 2 are listed as follows:

ITEM	Description	Est. 1-Year Sales	Est. 5-Yr. Sales
1	Janitorial/Custodial Services	\$1,395,034.45	\$6,975,172.27
2	Cleaning Services, Steam and Pressure (RESERVED)	\$ 60,720.85	\$303,604.25

RFQQ No. _____

3*	Garbage/Trash Removal Service (RESERVED)*	\$2,234,165	\$35,915,446.50
----	---	-------------	-----------------

Price lists shall be based on the ITEMS specified above and shall include labor categories and fixed hourly labor rates for each labor category for Years 1-5 and Years 5-10 for Schedule 2.

***NOTE: ITEM 1 is reserved until March 30, 2022 based on an existing contract that expires on June 30, 2022. ITEM 2 is reserved until December 30, 2020 based on an existing contract that expires on March 31, 2021. ITEM 3 is reserved until August 31, 2024 based on an existing contract that expires on December 31, 2024. Proposals will be accepted for ITEM 1, ITEM 2 and ITEM 3 three (3) months prior to expiration of the existing contract. We are currently accepting all qualified contractors to become pre-qualified now.**

The labor categories listed below are examples of the labor required for the Item in Supply Schedule 2. Offerors are strongly encouraged to propose their own labor categories for each Item based on the position description qualifications specified in this RFQQ. The labor categories that offerors proposed shall be based on their price lists and independent determination of the broad description of work to be performed.

Fully-Loaded/Fully-Burdened Hourly Labor Rates
Base 5-Year Period

Position Descriptions for Labor Categories**JANITORIAL/CUSTODIAL SUPERVISOR**

Plans and executes all Janitorial/Custodial operations task. Manage routine upkeep of all areas as required in the scope of work. Performs general clean-up of all areas of the building as directed. Complete non-routine cleaning according to specified job orders. Remove garbage and recycling daily and prepare bins for weekly pick-up. Handle emergency cleaning and upkeep as requested. The Janitor will be responsible for cleaning and sanitizing offices, meeting rooms, bathrooms, kitchen and dining room and public areas.

Qualifications: Ability to work well under minimal supervision, capacity to take directions. Strong attention to detail and physically capable of lifting and moving objects up to 30 pounds as necessary.

Experience: Must have minimum of five (5) years janitorial/custodial Supervisory experience.

Education: Must have a high school diploma/GED required. Must be able to speak and understand English.

JANITOR/CUSTODIAN

The Janitor/Custodian will be responsible for cleaning and sanitizing offices, meeting rooms, bathrooms, kitchen, break rooms and public areas. Performs general clean-up of all areas of the building as directed.

RFQQ No. _____

Complete non-routine cleaning according to specified job orders. Remove garbage and recycling daily and prepare bins for weekly pick-up. Handle emergency cleaning and upkeep as requested.

Qualifications: Willingness to work early mornings or late night shifts. Ability to work well under minimal supervision, capacity to take directions. Strong attention to detail and physically capable of lifting and moving objects up to 30 pounds as necessary.

Experience: Must have minimum of two (2) years janitorial/custodial experience.

Education: Must have a high school diploma/GED required. Must be able to speak and understand English.

Scope of Work

I. Work Sites

The Contractor shall perform the specified cleaning and janitorial services throughout all interior areas of the various City of Detroit Buildings work sites described in this RFQQ.

A. **Office Facilities** typically include offices, work areas, copying areas, file areas; conference rooms, training rooms and meeting rooms; lunch rooms, kitchens, vending areas; restrooms and locker rooms; laboratories; electrical mechanical, telecommunications and computer rooms; storage areas, guard areas; corridors, vestibules, lobbies, waiting areas, elevators, stairways, and other areas.

II. Description of Services/Frequency

The Contractor shall perform the janitorial services at the frequency specified and at the work sites specified in this RFQQ. The services described herein represent the *minimum acceptable cleaning performance standards* under this Contract. Minor modifications of performance duties, procedures or materials may be made with the prior written approval of the City's Project Manager or his/her designated representative, including without limitation the City managers of the respective work sites. The cyclical starting period for Monthly, Quarterly, Plant/Site Manager and the Contractor during the first month of the contract period.

1. PERFORM THE FOLLOWING TASKS DAILY (OR MORE OFTEN AS NEEDED):

- a. **Dusting:** There shall be no obvious dust or cobwebs within any facility. Corners, crevices, molding and ledges (including heating) shall be free of all obvious dust and cobwebs. There shall be no oils, spots or smudges on desk or dusted surfaces. Thoroughly dust all vertical and horizontal surfaces in all cleanable areas with approved dust cloth or tool treated with an approved water based dust control chemical, up to and including ceiling vents, air bars, and lighting devices, window blinds, etc. Do not move dusting residue from spot to spot, but remove directly from the areas in which dirt lies by the most effective means appropriate; treated dusting cloths or vacuum tools. Horizontal surfaces include but are not limited to counter tops, file cabinets, tables, coat-racks, etc. Window hangings are either Venetian blinds or drapes. Dust Venetian blinds. Lightly vacuum drapes.

RFQQ No. _____

Remove cobwebs in hallways, ledges and on vertical and horizontal surfaces. Dust and spot clean surfaces as necessary to provide a clean appearance.

NOTE: THE CONTRACTOR SHALL PROHIBIT HIS EMPLOYEES FROM CLEANING OR TAMPERING WITH COMPUTER TERMINALS, SCREENS, CONTROLS AND CONTROL PANELS, DISTURBING PAPERS ON DESKS, OPENING DESK DRAWERS OR CABINETS, OR USING TELEPHONE, PRINTER AND ALL OTHER OFFICE EQUIPMENT OWNED BY THE DETROIT WATER AND SEWERAGE DEPARTMENT

- b. **Damp Wiping:** This task consists of using a clean damp cloth or sponge to remove all dirt spots, streaks, from walls, glass and other specified surfaces and then drying to provide a polished appearance. The wetting solution must contain an appropriate cleaning agent. When damp wiping in toilet areas, use a multi-purpose disinfectant and deodorizer. Damp wipe all furniture and equipment completely including all desks (taking care not to apply damp cloth on papers or blotters), chairs, countertops, elevator interiors and doors, including adjacent metal surfaces. Spot clean and polish kick plates and thresholds, workbenches, tables, credenzas, bookshelves, counter, lamps, telephones, filing cabinets, windowsills, ledges, and railings, etc. to remove dust, fingerprints, and other marks. Spot-clean glass as necessary. Clean and polish chrome fixtures.
- c. **Floor Cleaning/Thorough Sweeping:** Floors shall be clean and free of trash and foreign matter. No dirt or dust shall be left in corners, behind radiators, under furniture or behind doors.
- d. **Glass Cleaning (Lobby):** Glass Cleaning is a part of the overall task of lobby cleaning. Glass cleaning shall be performed as specified. It is expected that all lobby glass, including doors, revolving doors and windows (to the limit of reach from floor level) shall be spot cleaned inside and out. All handprints, smudges, and soil are to be removed during the performance of this task. If necessary, clean the entire door, revolving door or window to accomplish clean glass. Areas would include: corridors, lobbies, waiting areas and conference rooms.
- e. **Restroom Cleaning:** When providing restroom cleaning, an approved sign must be placed at the entrance warning tenants that the restroom is closed. A schedule for closing restrooms must be established with the Project Manager in advance. Changes in this schedule must be approved by the Project Manager in advance. Clean and sanitize all rest rooms, toilet rooms, washrooms and locker rooms using the following sequence of operations:
 - i. Cleaning cloth should be dipped in pail solution of synthetic germicidal soap, wrung out and applied briskly to wipe off fingerprints and other marks from walls, counters, cabinets, and stalls, tops of partitions, doors, wall shelves, dispensers and receptacles. Remove water stains using a mild cleanser. Walls shall be kept clean and free of fingerprints, smudges and graffiti. Soap dispensers shall be functional, kept filled, and deposit free. Paper towel holders shall be kept full and free of graffiti. Stainless steel fixtures shall be cleaned and polished. Toilet paper holders shall be kept full and maintained. Wash partitions.

RFQQ No. _____

- ii. All mirrors are to be clean, streak-free and wiped thoroughly with a dry cloth. Mirrors shall be fingerprint and smudge free.
- iii. Use synthetic germicidal soap solution on cleaning cloth to wash sinks, rinsing with clear water from the faucets. Use non-abrasive materials at all times. Keep bowl free of soap scum and drains free of hair and soap deposits. Clean and polish fixtures to remove water deposits. Wipe down entire lavatory with germicidal detergent. Clean all fixtures.
- iv. Flush toilets; pour bowl cleaner/disinfectant into each toilet bowl and urinal. Scrub with bowl brush and flush again. Wash outside of toilet bowls, urinals, and both sides of toilet seats with disinfectant soap solution. Leave toilet seats up. Toilet and urinal bowls, water swirl holes and water holes shall be free of deposits and shall allow proper water circulation. Clean and polish fixtures to remove water deposits. Sanitize and disinfect all fixtures inside and out. Wipe down each entire toilet (including base and both sides of seat) and urinal with germicidal detergent.
- v. All restroom trashcans including paper towel and sanitary napkin receptacles shall be emptied and sanitized daily, with liners changed, and returned to their proper location.
- vi. Refill all dispensers with liquid soap, hand sanitizer, paper towels, toilet tissue, paper toilet seat covers, sanitary napkins, and air fresheners as required. Dust lockers.
- vii. Sweep floors and mop with a germicidal cleaning solution. Pick-up with a wrung mop. Wet mop all restroom floors. No standing water shall remain after mopping. Clean ceramic tile according to manufacturer's recommendations.
- viii. All restrooms shall have a clean smell after cleaning and disinfecting.
- f. **Clean and Disinfect Showers, Shower Walls and Stalls (Restroom/Locker Room where applicable):** Thoroughly clean all showers, including bottom, faucets, and spigots, with approved cream cleanser. Thoroughly clean all walls, floors, (including plug covers), doors (including entrance doors inside and outside), partitions and handrails with proper approved chemicals and proper approved dilution. Rinse thoroughly as needed, then wipe all areas with approved disinfectant solution and allow to air dry.
- g. **Lunchroom/Kitchen Areas:** Clean and disinfect counters, sinks, cabinets, and exterior of all appliances in lunchroom and kitchen areas.
- h. **Stainless Steel (Brass) Cleaning (Elevators, Doors, Trim, Etc.):** Thoroughly clean all stainless steel (brass) with approved cleaner and a clean soft cloth. Great care must be taken to follow the grain of the stainless steel at all times when cleaning.
- i. **Cleaning/Disinfecting Drinking Fountains:** Clean, sanitize and polish all drinking fountains using non-abrasive materials. Drinking fountains shall be free of water deposits, streaks and dust.

RFQQ No. _____

Use a germicidal cleaner containing no objectionable odor. The mouthpiece, basin, and exterior shall be sanitized daily. Thoroughly clean entire exterior surface with approved cream cleanser. The grain of the stainless steel must be followed at all times. Rinse thoroughly as all cream cleanser must be removed. Wipe entire surface with approved disinfectant solution and wipe dry utilizing a clean, soft cloth.

- j. **Empty Waste Receptacles:** Empty all containers that are provided for the disposal of waste i.e., wastebaskets, torpedo type containers, sanitary napkin disposal bins, boxes, etc. into plastic bags, tie off and remove to dumpster. Dispose of items in waste containers only unless clearly marked for disposal. Liners must be used in all waste receptacles and must be changed as needed and no less than once per month. Waste containers in restrooms, break rooms, lunchrooms and conference rooms must be inspected daily and changed as needed.
- k. **Rubbish Removal:** Collect, pick-up and dispose of discarded rubbish and debris of all kind, both inside and outside the facilities and place same in dumpsters and/or compactors/packers. Contractor's employees may be required to operate this equipment. (Contractor must maintain surrounding area clear of waste and debris at all times.) Empty all waste containers; replace plastic liners and wash out when spillage occurs or as needed. Remove all debris to approved trash pick-up point. Rubbish removal from a central location to a refuse disposal site is the responsibility of the Detroit Water and Sewerage Department. The Contractor is responsible for collecting and bagging all waste material from all Work Sites listed in this Exhibit A, placing the bagged waste inside containers provided for that purpose, and delivering to the approved trash pick-up point.
- l. **Carpet Cleaning by Thorough Vacuuming:** Carpets shall be clean and free from dust balls, dirt and other debris; nap on carpet shall lie in one direction upon completion of the vacuuming task. Note: Prior to vacuuming area, move and vacuum under all easily movable objects (chairs, waste receptacles, tables on wheels, typing stands, boxes, etc.). Be sure to replace all items moved. After vacuuming, broom all edges not reached by vacuum. Straight suction vacuuming is not acceptable.

Vacuum clean all permanently carpeted floors, rugs and mats. Chairs and trashcans shall be moved when vacuuming. Rubber bands, paper clips and floor scraps shall be picked up and discarded. Staples shall be removed from the carpets daily. Vacuum cleaners shall utilize HEPA filters, shall be kept in good working condition at all times, and emptied daily. Spot clean carpets, rugs and mats as necessary to maintain a clean appearance.

- m. **Dust/Damp Mop:** Thoroughly dust and damp mop all non-carpeted areas. Move dust and damp mop under all easily movable objects (chairs, waste receptacles, tables on wheels, typing stands, boxes, etc.). Be sure to replace all items after floor has dried completely. Use a clean cotton mop head that is in good condition. Use clean water at all times (change water often). Mop head must be only damp. No excess water can be left behind. Approved proper chemicals at proper dilution must be used at all times. Finished floor must be clean and streak free.

Sweep cement floors and dust mop with treated cloths or machine buff at finished floor areas completely, including adjacent ramps and stairways.

RFQQ No. _____

Dust mops must be treated with water based dust control chemical. Place dust and dirt into plastic trash bag, tie off and remove to Dumpster.

- n. **Wet Mopping and Scrubbing:** Wet mop and power scrub heavy traffic areas of floor where affected by bad weather or tracking, including ramps and stairways.

The floors must be properly prepared, thoroughly swept to remove visible dirt and debris, wads of gum, tar and foreign substances from the floor surfaces. Upon completion of the wet mopping or scrubbing, the floor must be clean and free of dirt, water streaks, mop marks, string; properly rinsed and dry mopped to present an overall appearance of cleanliness. All surfaces must be dry and corners and cracks clean after the wet mopping or scrubbing. Chairs, wastebaskets and other similar items must not be stacked on desks, tables or windowsills, nor used in place of stepladder. All furniture readily movable by one person and intended to be moved frequently must be moved during all floor cleaning operations and replaced in original positions upon completion. Baseboards, walls, furniture and equipment must in no way be splashed, disfigured or damaged during these operations, but rather left in a clean condition.

Restroom floors shall be scrubbed with an auto scrubber or low speed scrubber. Bacteria eating enzymes shall be introduced during this process. Areas would also include: corridors, lobbies, waiting areas, conference rooms, or any area so designated by the Project Manager.

- o. **Spray Buff Hard Floors:** *EVERY OTHER DAY*, hard floors must be properly prepared before spray buffing by removing carpet runners, dust mopping, and damp mopping hard floor areas. Begin spray buffing by lightly spraying area just to the left or right of approved floor machine (buffer) with approved spray buffing chemical, at approved dilution. Buffing pad must be approved and will depend on type of finish used. Rotary floor machine (buffer) will be worked back and forth over area lightly sprayed until floor has a high, streak free luster. Then proceed to the next area, until scheduled area is completed. Great care must be taken to avoid using “loaded” pad (pad full of dried finish and dirt). Flip pad over or change to another clean dry pad often. Great care must also be taken not to allow floor machine (buffer) to run in one spot for too long to avoid burning the floor. Floor shall be dust mopped after scheduled spray buffing is completed. Replace carpet runners to original position.

2. PERFORM THE FOLLOWING TASKS WEEKLY (OR MORE OFTEN AS NEEDED):

- a. **Spot Cleaning:** Spot clean both sides of all walls, doors, frames, door glass, display cases, other interior glass, and framed items. Remove all graffiti (interior and exterior), tacks, tape, tape residue, adhesive, stains, and signs left on walls after notices have expired. Clean whiteboards and chalkboards in conference rooms and common areas.
- b. **Cobwebs, Debris & Graffiti:** Facilities eaves shall be kept free of cobwebs and other debris. Exterior surfaces of buildings shall be maintained in an aesthetic condition, with graffiti removed.

RFQQ No. _____

- c. **Cleaning Ash Receptacles and Surrounding Areas:** Cigarette or cigar butts, matches and other discarded material shall be removed from the receptacle and the receptacle wiped so that it is free of dust, ashes, odors, tar, streaks and nicotine stains. The areas immediately adjacent building entrances are to be included as part of this cleaning task. Sweeping and removal of cigarette butts as needed to clean the area.
- d. **Remove & Replace Carpet Runners (as applicable):** Carpet runners must be removed and replaced (as required) from floor to allow for proper cleaning, as needed. Be sure to remove excess water from runner with approved wet pick up vacuum before carpet runners are removed. Carpet runners must be extracted during ice melt/salt usage, to maintain a clean appearance. After floor has been properly cleaned and is completely dry, replace carpet runners in their original locations.
- e. **Scrub – Restroom Floors/Hard Surface Stairwell Floors:** Close restrooms. Remove all movable objects from area and place approved “closed” signage to area prior to completion of task.
 - i. Apply approved cleaning solution at approved dilution to area to be scrubbed. Do not allow solution to dry.
 - ii. Quickly agitate small section coated with solution with approved stiff bristle brush. Be sure grouting is clean.
 - iii. Use wet vacuum to pick up dirty solution.
 - iv. Thoroughly mop rinse area with clean cotton mop and clean water. Make sure all walls, doors, etc. are also thoroughly rinsed.
 - v. Thoroughly mop rinse a second time with clean cotton mop and clean water. Make sure all walls; doors, etc. are also thoroughly rinsed a second time.
 - vi. After floor is thoroughly dry, replace all objects moved from area. Remove signs and reopen.
 - vii. Scrub all walls including partitions.

Wet mop and/or power scrub and machine-buff ceramic, vinyl composition tile (VCT), terrazzo, and quarry tile floors, including adjacent ramps, elevators, stairways and walkways. Clean wood floors with full water mop.

Restroom floor shall be scrubbed with an auto scrubber or low speed scrubber. Bacteria eating enzymes shall be introduced during this process.

3. PERFORM THE FOLLOWING TASKS MONTHLY (OR MORE OFTEN AS NEEDED):

- a. **Glass Cleaning (Interior Offices & Partitions):** Clean all interior offices glass e.g., offices, doors and office partition glass on both sides.
- b. **Door Hardware & Lighting Cleaning:** Wash all fingerprints and other marks around light switches, door handles, door jambs and other hardware. Clean, polish and sanitize light switches, handles and push plates. Clean and polish kick plates and thresholds.

RFQQ No. _____

- c. **Clean Air Bars and Vents:** Vacuum excess dust and dirt from air bars and vents. Damp wipe clean with approved disinfectant solution and wipe dry.

Thoroughly wash and polish all exhaust fan units, all interior and exterior louvers, all heating and air conditioning intakes, outlets, vents, and diffusers including surrounding wall and ceiling areas.

- d. **Kitchen Appliances:** Clean inside and outside of refrigerators and microwaves. Clean vent hoods; remove grease buildup and all stains.

4. PERFORM THE FOLLOWING TASKS QUARTERLY (OR MORE OFTEN AS NEEDED):

- a. **Lockers:** Wash all locker exteriors including tops with soap solution and cleaning cloth, making sure NOT to damage interior contents.
- b. **Cleaning of Piping and Mechanical Equipment:** Dust and clean surfaces of piping, mechanical, electrical and other equipment, as necessary, to provide a clean appearance; using care to avoid areas with moving parts or open electrical conductors.

5. PERFORM THE FOLLOWING TASKS SEMI-ANNUALLY (OR MORE OFTEN AS NEEDED):

- a. **Storage, Basement, Ramps, etc. Cleaning:** All storage areas including basement shall be swept, vacuum dusted including adjacent ramps, stairways and walkways as directed.
- b. **Fan, Air Conditioners and Vents:** Thoroughly wash and polish all exhaust fan units, all interior and exterior louvers, all heating and air conditioning intakes, outlets, vents, and diffusers including surrounding wall and ceiling areas.
- c. **Window Cleaning:** Clean interior and exterior of all windows not over 12 feet above a work surface.

6. PERFORM THE FOLLOWING TASKS ANNUALLY (OR MORE OFTEN AS NEEDED):

- a. **Interior/ Exterior Lighting Cleaning:** Clean all lighting diffusers, lenses, and reflectors not over 12 feet above a work surface.
- b. **Pressure Washing of Exterior Buildings:** Clean or pressure – wash exterior surfaces of buildings two stories or less in height when required to maintain an aesthetic condition.
- c. **Wall Spot Cleaning:** Thoroughly clean spots, smudges, stains, etc. from walls, partitions modular partitions and ceiling using approved chemicals with manufacturer’s approved dilutions. Wipe dry with clean soft cloth. Wash all interior walls and steam clean concrete walls.

7. PERFORM THE FOLLOWING TASKS IMMEDIATELY:

RFQQ No. _____

- a. **Emergency Clean Up:** The Project Manager shall assign, when and where needed, cleanup duties to the contractor when an emergency occurs. Cleaning tasks may include any tasks defined in this Exhibit A. Clean all grease and oil spills and other types of spills immediately.
- b. **Hazardous Conditions:** Conditions that may be questionable or deemed hazardous (i.e., such as burned out lights, loose railings, loose ceiling tiles, exposed wiring, broken windows, etc.) must be reported by janitorial staff to the Contract supervisor verbally, followed by written notification to the Project Manager or building manager with date of observation.

8. SPECIAL INSTRUCTIONS FOR BUFFING, STRIPPING, WAXING HARD FLOORING, AND CARPET CLEANING:

- a. The general frequency of floor and carpet cleaning services is depicted in the table below. Specific instructions regarding frequency, location or other details for certain work sites are notated and details set forth in the RFQ when the department has a need. An example of the services are below.

Facility	Buff & Wax	Strip & Wax	Carpet Cleaning
GSD	Weekly	Quarterly	Quarterly
DDOT	Weekly	Quarterly	Quarterly

- b. The specified method for buffing, stripping and waxing, and carpet cleaning is set forth below:
 - i. **Buffing:** Floors must be damp mopped and buffed between regular waxing operations. Prepare the floor by sweeping to remove all visible dirt and debris. The floor area will then be damp mopped and machine buffed to a polished appearance with a high-speed buffer.
 - ii. **Stripping and Waxing:** Completely remove all dirt, wax and other foreign substances in returning the floor to its original surface. This application in preparation for waxing must be according to manufacturer's recommendation. The stripper, sealer and wax products used must be compatible for this activity and wax must be a minimum of 25% solids.
- a. Apply approved stripping solution at approved dilutions to area to be stripped. Allow solution to stand according to approved manufacturer's recommendations. Do not allow solution to dry out or stand too long. Any finish or dirt must also be removed from walls, doors, baseboards, etc. at this time.
- b. Thoroughly agitate all floor area to remove all old finish with approved strip pad.
- c. Use wet vacuum to pick up old finish and stripper.
- d. Thoroughly mop rinse areas with clean cotton mop and clean water. Make sure walls, doors, baseboards, etc. are also thoroughly rinsed.
- e. Thoroughly mop rinse areas a second time with clean cotton mop and clean water with approved neutralizer/conditioner chemical at approved dilution. Make sure walls, doors, etc. are also thoroughly rinsed.

RFQQ No. _____

- f. Allow floor to air dry.
- g. If any old finish remains, repeat “a” through “f”.
- h. Continue “a” through “g” until scheduled area is properly stripped and/or rinsed.
- i. Apply thin coat of approved sealer with approved clean nylon or rayon mop head or approved clean applicator. Stripping solution finish and sealer must not be slopped on walls, doors, etc. Allow sealer to thoroughly dry.
- j. Apply second coat of sealer as described in “i” above. Allow sealer to thoroughly dry.
- k. Apply top coating and second coat of approved floor finish. Strip old wax from all ceramics, vinyl composition tile (VCT), terrazzo, and quarry tile floor areas, including adjacent ramps and stairways, re-wax and machine-buff on a schedule agreeable to CITY and Contractor. Deep scrub and seal tile surfaces. Polish wood floors. All waxed surfaces must be maintained to provide safe ANTI-SLIP walking conditions. Chairs, wastebaskets and other similar items must not be stacked on desks, tables or windowsills, nor used in place of stepladder. All furniture readily movable by one person and intended to be moved frequently must be moved during all floor-cleaning operations and replaced in original positions upon completion. Baseboards, walls, furniture and equipment must in no way be splashed, disfigured or damaged during these operations, but rather left in a clean condition.

iii. **Carpet Cleaning by Hot Water Extraction:** Perform vacuuming, and carpet cleaning by extraction method with commercial grade equipment only (preferably truck mounted equipment). Prior to carpet cleaning all carpeting, including carpet runners, must be thoroughly cleaned as follows:

- a. All movable items must be removed from area(s) to be cleaned (i.e., chairs, waste receptacles, all free standing tables, typing stands, boxes, plants, all temporary floor coverings, etc.) and area thoroughly vacuumed.
- b. Thoroughly spray next area to be cleaned with approved pre-treats or carpets lane cleaner used at approved dilution. Spray must be applied so those fibers remain damp until cleaned. Chemical should be left to work for 10-15 minutes.
- c. Thoroughly extract all properly pretreated carpeted areas. Agitation is necessary, using an approved motor driven brush. A minimum of three cleaning passes and two vacuuming only must be used. Approved equipment and chemicals, at approved dilutions, must be used.
- d. All stains must be removed during the extraction process, using approved chemicals. Great care must be taken to completely remove stain removal chemicals from carpet fiber.
- e. Thoroughly spray all thoroughly cleaned carpet with approved carpet fiber protector at approved dilution. Application must be made with approved sprayer. Carpet track off mats and runners such as those found in building lobby areas, are exempt for this process.
- f. Replace all items removed for cleaning. All items moved back into place that have metal of any type that come in contact with carpeting must be wood blocked or tabbed to keep the metal off the carpet fiber unit thoroughly dry. All blocks or tabs should be removed during the next scheduled regular area cleaning, provided the carpet is thoroughly dry. This could take more than one day.

RFQQ No. _____

I. Work Sites

The Contractor shall perform the specified cleaning and janitorial Services throughout all interior areas of the City work sites described in this Section II.

City Office Facilities typically include offices, work areas, copying areas, file areas; conference rooms, training rooms and meeting rooms; lunch rooms, kitchens, vending areas; restrooms and locker rooms; laboratories; electrical, mechanical, telecommunications and computer rooms; storage areas, guard areas; corridors, vestibules, lobbies, waiting areas, elevators, stairways, and other areas.

II: Description of Services - Frequency

The Contractor shall perform the janitorial services at the frequency specified and at the work sites specified in this RFQQ. The services described herein represent the *minimum acceptable cleaning performance standards* under this Schedule. Minor modifications of performance duties, procedures or materials may be made with the prior written approval of the City Project Manager or his/her designated representative, including without limitation the City managers of the respective work sites. The cyclical starting period for Monthly, Quarterly, Semi-Annual and Annual Janitorial Services shall be coordinated between the City Project Manager, Plant/Site Manager and the Contractor during the first month of the schedule period.

HIGH PRESSURE WASHING SERVICES

Responsible for all labor, material, equipment and supervision for High Pressure Washing Services. Services include six (6) cleanings per year at the Gilbert and Shoemaker Terminals and the Rosa Parks Transit Center will be cleaned eighteen (18) times per year. All locations will be cleaned as needed depending on the severity of spills, etc. and/or the needs of the Department. Service to include disposal of all trash, debris and cleaning of concrete bay floors using scarifying, high pressure hot water washer, and non-hazardous environmentally safe as determined by the U. S. Environmental Protection Agency chemicals to remove all oil, grease and scum deposits from concrete. Successful bidder shall properly collect and dispose of all trash, debris, dirty water and cleaning residue in accordance with Federal, State and Local laws. Manifests if required, shall be prepared at no additional cost.

Qualifications: Must have the required equipment:

Gilbert Terminal:

One (1) each	Tennant Model 8410 Sweeper Scrubber (or Department approved equal)
One (1) each	Poly Tank 2,000 gallons for dirty water recovery
One (1) each	Water Blaster 2,000 – 4,000 psi with Spin Jet Floor Cleaning Attachment

Shoemaker Terminal:

One (1) each	Tennant Model 8410 Sweeper Scrubber (or Department approved equal)
One (1) each	Poly Tank 2,000 gallons for dirty water recovery
One (1) each	Water Blaster 2,000 – 4,000 psi with Spin Jet Floor Cleaning Attachment

Rosa Parks Transit Center:

One (1) each	Advance Model CS 7000 Floor Sweeper Scrubber with power washer feature
--------------	--

RFQQ No. _____

	(or Department approved equal)
Gilbert Terminal Bays	Approx. 138,800 sq. ft.
Shoemaker Terminal Bays	Approx. 155,800 sq. ft.
Rosa Parks Transit Center	Approx. 65,000 sq. ft.

Experience: **Must** have performed high pressure cleaning at similar sized facilities for the past five (5) years.

SPECIAL PROPOSAL INSTRUCTIONS

Submit prices/rates in the form of a pricelist. Pricing must be supported by documentation that outlines a reasonable method of pricing. Submit pricing based on an established commercial price list or market based prices. Offerors must provide adequate price supporting documentation/information/data in the form of invoices, contracts or some similar documentation. If invoices are submitted, they must be less than one year old.

Services must be priced in firm-fixed hourly rates for performance of a specified ITEM. The proposed pricing (price lists) must include sufficient information for each ITEM (services) to enable the Chief Procurement Officer to review and perform a price analysis.

Submit a MS Word or MS Excel document (that is not read-only) that includes all labor categories, prices and labor category descriptions. No pricing shall be provided in pdf format.

GENERAL INFORMATION

Once awarded a DSS contract, contractors compete for business for the award of purchase orders or delivery orders and are responsible for marketing their goods and services. There is no guarantee of business.

This DSS is mandatory for use for the City of Detroit. Offerors are strongly encouraged to provide prices that are highly competitive. In accordance with ordering procedures, ordering activities will solicit Requests for Quotations (RFQ) from Contractors on this Schedule (Schedule 2) based on each ITEM category of services. Contractors will respond to the RFQ with a quote based upon their awarded prices. The preferred type of Purchase Order issued against this DSS contract is firm-fixed-price. However, Labor-Hour or Time and Materials task orders may be issued when the ordering activity deems it appropriate.

The Chief Procurement Officer may evaluate offers and award a contract without negotiations. Therefore, the initial Qualifications should contain the offerors best terms from a price and technical standpoint.

This RFQQ is set-aside (reserved) for certified Detroit businesses only. All eligible certified Detroit businesses are able to submit a Qualifications in response to this RFQQ. The NIGP

RFQQ No. _____

Codes cited throughout this RFQQ identifies the commodity code description for goods and services being procured.

SPECIAL INSTRUCTIONS FOR PRICING ALL SERVICES ON AN HOURLY BASIS AT THE TASK ORDER LEVEL

Prices for all services will be established at the time the Purchase Order is awarded by the ordering activity and will be based on the prices awarded in the DSS contract. The estimated number of hours negotiated with the ordering activity and the labor category/categories provided will be specified in the Purchase Order. If the ordering activity has made a determination that it is necessary to purchase from the ITEMS on this DSS contract on a Labor-Hour or Time and Materials basis, the Purchase Order shall specify the Not-to-Exceed price, showing the labor category/categories proposed (with the hourly rates for each) the materials proposed with unit prices for each and any other direct costs. All prices/rates proposed must be based on the awarded DSS contract.

The Chief Procurement Officer has determined the prices for the ITEMS on this Detroit Supply Schedule are fair and reasonable.

INSURANCE:

- I. The Offerors shall maintain at its expense during the term of this contract, the following insurance:
 - A. Worker's Compensation insurance with Michigan statutory limits and Employer's Liability insurance with limits of \$500,000.00 each accident, \$500,000.00 each disease, \$500,000.00 each disease/each employee. For Federal and State Funded Training Programs and etc., is required to secure insurance for worker's compensation for all of its participants and The City of Detroit should also be listed as an additional insured.
 - B. Commercial General Liability insurance with a combined Single limits of \$1,000,000.00 per occurrence subject to a minimum aggregate limit of \$2,000,000.00
 - C. Automobile Liability insurance covering all owned, hired and non-owned vehicles with personal protection insurance and property protection insurance to comply with the provisions of the Michigan No-Fault Insurance Act, including residual liability insurance with a minimum combined Single limit of \$1,000,000.00. Include MCS90 endorsement (if hazardous waste will be transported by vendor's auto) with minimum property damage limits of \$1,000,000.00 each occurrence.
- II. If during the term of this contract, changed conditions or other pertinent factors, should change in the reasonable judgment of the City, render inadequate the insurance limits, the Offerors will furnish on demand such additional coverage as may reasonably be required under the circumstances. All such insurance shall be effected at the Offerors expense, under valid and

RFQQ No. _____

enforceable policies.

- III. All policies shall name the Offerors as the insured and shall be accompanied by a commitment from the insurer that such policies shall not be canceled or reduced without at least thirty (30) days' prior notice to the City. The Commercial General Liability insurance policy shall name the City as an additional insured. Certificates of insurance evidencing such coverage shall be submitted to the Finance Department, Purchasing Division, prior to the commencement of performance under this contract and at least fifteen (15) days prior to the expiration dates of expiring policies.

Part 2 – Solicitation Instructions

REQUESTS FOR EXPLANATION OR INFORMATION

All questions regarding the RFQQ shall be submitted through the Bidsync System. Respondents shall provide notice to take exception to any requirements of the Request for Qualifications. Such exceptions may reflect negatively on the evaluation of the Proposal. The City of Detroit does not guarantee a response to questions not submitted after the question deadline.

ELECTRONIC DATA INTERCHANGE

All qualifications must be submitted through the Bidsync system. Each Offeror is responsible for ensuring that its proposal is received by the City on a timely basis. **Faxed or mailed proposals/qualifications will not be accepted.**

Offerors are advised that the Chief Procurement Officer is expanding use of electronic communications to exchange information and business documents. To the maximum extent practicable, all documents, to include but not be limited to: Request for Qualifications; Response to Questions; Request for Clarifications, Submission Item of Proposals and Supply Schedule contracts that may be issued will use Electronic Data Interchange (EDI) procedures.

OFFER PREPARATION

- (a) Read the entire solicitation prior to preparing your proposal/qualifications.
- (b) Electronic submissions of proposals via the Procurement Office email is mandatory at: procurementinthecloud.detroitmi.gov and limmittl@detroitmi.gov
- (c) Qualifications must be current, concise and complete and demonstrate a thorough understanding of solicitation requirements. By submission of a proposal, the offeror attests that there have been no exceptions taken to the terms and conditions of this RFQQ.

RFQQ No. _____

(d) The following documents are a part of qualifications submission by all offerors and shall be completed and uploaded directly through BidSync:

- (1) Tax Clearances and Affidavits;
- (2) Commercial Sales Practices disclosure
- (3) Financial Statements; three (3) years
- (4) Technical Proposal;
- (5) Price Proposal
- (6) Supporting Pricing Documentation;
- (7) Price Narrative;
- (8) Commercial Price List;
- (9) A marketing plan detailing the steps you plan to take to generate sales through this DSS contract.

(f) Offerors must provide financial statements for the previous three-year period (audited, if available). At a minimum, each financial statement must consist of a balance sheet, income statement and profit and loss statement. The Chief Procurement Officer will use this information to determine financial responsibility. Provide an explanation for any negative financial information disclosed, including negative equity or income. Offerors may be required to provide letters of credit or other documentation to demonstrate that adequate financial resources are available. In accordance with the Detroit City Ordinance section 18-5-1, contracts will only be awarded to responsible prospective contractors. To be determined responsible, an offeror must have adequate financial resources to perform the contract or the ability to obtain them.

(g) Unless otherwise requested, the offeror shall not submit brochures, public relations materials, advertisements, newsletters or other marketing materials as a part of its proposal.

(h) **Technical Proposal:** The offeror must address the following three technical proposal evaluation factors:

Factor 1: Municipal Experience:

The offeror must submit a narrative description of its municipal experience. This narrative cannot exceed two pages and must address the following:

- (1) The number of years of municipal experience in providing the services described under this Schedule, regardless of the specific services being proposed. A minimum of two (2) years of municipal experience is required;
- (2) Number of employees, number of Detroit employees and resources available to enable performance;
- (3) Information that demonstrates the offeror's organizational and accounting controls;
- (4) A discussion regarding the intended use of subcontractors. This discussion must correlate to the subcontracting plan, if applicable.

RFQQ No. _____

Factor 2: Past Performance:

The proposal shall describe in detail three (3) relevant current or past contracts within the past three (3) years that identifies the offeror's and proposed subcontractors' experience and ability to perform the required effort successfully and shall include the following information:

- (a) Description of the Project;
- (b) Contract Number;
- (c) Contract Order Amount;
- (d) Name of Organization;
- (e) Point of Contact (POC) name, address, phone number and email address; and
- (f) Current status, e.g. completed and/or in progress, start and estimated completion dates.

Proposals shall provide the above information or shall affirmatively state that the offeror possesses insufficient relevant past performance that is directly related or similar to the efforts required by the Janitorial/Custodial Services.

Factor 3: Quality Control

The offeror must submit a detail narrative for this criterion regardless of the number of ITEMS offered. This narrative cannot exceed two (2) pages and must address the following:

- (1) Identification of individuals responsible for ensuring quality control;
- (2) How potential problems and solutions are handled;
- (3) Procedures for ensuring quality performance when responding to and meeting urgent requirements;
- (4) How quality control will be managed when performing multiple purchase orders for multiple ordering activities.

(i) Price Proposal:

The Chief Procurement Officer seeks to obtain the offeror's best price based on its evaluation of discounts, terms, conditions and concessions offered to commercial customers.

Submit proposed pricing using MS Excel format. The proposed pricing structure must be consistent with the offeror's commercial practices. Pricing must be clearly identified as based on a "Commercial Price List".

Each proposed labor category shall comply with the attached position descriptions.

Proposed prices must represent fully-loaded rates inclusive of all cost factors (e.g., direct labor, indirect labor, G&A, profit and EFF).

RFQQ No. _____

Submit supporting documentation for each ITEM proposed service. Supporting pricing documentation may consist of published and publicly-available commercial catalogs/price lists, copies of invoices, contracts quote sheets, etc., and must be submitted with the proposals. There must be a clear and relevant relationship between the supporting documentation and the proposed price that substantiates the prices in the proposal.

Submit a detailed price narrative with sufficient information for each of the services offered to enable the Chief Procurement Officer to determine that proposed prices are fair and reasonable.

Offerors must propose a mechanism for future price adjustments as follows:

If pricing is based on a commercial price list, submit a copy of the company's current, detailed price list, catalog, which must be an existing, separate document and not prepared for this solicitation). Future price adjustments for pricing is based on a commercial price list and are subject to the Economic Price Adjustment term and condition.

(j) Fair and Reasonable Pricing:

To determine fair and reasonable pricing, the Chief Procurement Officer may consider many factors, including pricing on competitor contracts, historical pricing and currently available pricing in other sources.

(K) Withdrawal of Proposal/Offer: The offeror may withdraw its proposal/offer from consideration any time prior to award or reject by sending written withdrawal to web portal specified in (b) above. If a proposal/offer is withdrawn, a new offer can be resubmitted at a later date.

SCOPE OF CONTRACT (ELIGIBLE ORDERING AGENCIES/ORDERING ACTIVITIES)

(a) This solicitation is issued to establish contracts which may be used on a mandatory basis for the City of Detroit and on a non-mandatory basis for all other ordering agencies/ordering activities named below:

- (1) All Executive agencies in the City of Detroit reporting to the Mayor;
- (2) The States of Michigan, Ohio, Illinois and Wisconsin; and
- (3) Other municipalities and jurisdictions within the United States of America authorized by the City of Detroit pursuant to Ordinance to use Detroit Supply Schedules.

(b) The Contractor is obligated to accept orders received from the Executive agencies reporting to the Mayor.

RFQQ No. _____

(c) The Contractor is not obligated to accept orders received from ordering activities outside the Executive branch of the City of Detroit. However, the Contractor is encouraged to accept such orders. If the Contractor elects to accept such orders, all provisions of the contract shall apply. If the Contractor is unwilling to accept such orders, the Contractor shall return the order by U.S. mail or other means of delivery within 5 work days from receipt.

ORDERING

(a) Any services to be performed under this contract shall be ordered by issuance of purchase orders by the City of Detroit or authorized ordering activities.

(b) All purchase orders are subject to the terms and conditions of this contract. In the event of a conflict between a purchase order and this contract, the contract shall control.

(c) Purchase orders are considered “awarded” when the ordering activity sends the purchase order by electronic commerce methods. If purchase orders are mailed, the purchase order is considered “awarded” when the ordering activity deposits the purchase order via email.

PERFORMANCE BEYOND THE CONTRACT PERIOD—AWARDING ORDERS

This contract covers all requirements that may be ordered during the term of the DSS contract. Any order mailed or sent via electronic transmittal to the contractor on or before the expiration of the contract, and providing for delivery or performance within the number of days specified in the contract, shall constitute a valid order.

INTERPRETATION OF CONTRACT REQUIREMENTS

No interpretation of any requirement of this contract shall be binding on the City of Detroit unless agreed to in writing by the Chief Procurement Officer or his/her designated representative.

ECONOMIC PRICE ADJUSTMENT

Price adjustments include price increase and price decreases. Adjustment will be considered as follows:

RFQQ No. _____

(a) Contractors shall submit price decreases anytime during the contract period in which they occur. Price decreases will be handled in accordance with the provisions of the Price Reduction clause.

(b) Contractors may request price increases under the following conditions:

(1) Increases resulting from a re-issue or other modification of the contractor's commercial price list that was used as the basis for the DSS contract award.

(2) Only three (3) increases will be considered during the contract period (including any options that may be exercised).

(3) Increases may only be requested after the first 90 days of the contract period and prior to the last 60 days of the contract period.

(4) At least 30 days must elapse between requested increases.

(c) The aggregate of the increases in any contract unit price pursuant to this clause shall not exceed 5 percent of the original contract unit price. The Chief Procurement Officer reserves the right to raise this ceiling where changes in market conditions during the contract period support an increase.

(d) The following information shall be submitted with the request for a price increase:

(1) A copy of the commercial pricelist showing the price increase and the effective date for commercial customers.

(2) Documentation supporting the reason of the price increase.

(e) The Chief Procurement Officer reserves the right to exercise one of the following options:

(1) Accept the contractor's price increases as requested when all conditions of (b), (c) and (d) of this clause are satisfied.

(2) Negotiate more favorable discounts from the new commercial prices when the total increase requested is not supported; or

(3) Remove the product(s) from the applicable contract pursuant to the Cancellation Clause of this contract when the increase requested is not supported.

(f) The City of Detroit realizes the potential impact of unforeseeable major changes in market conditions. When those changes occur, the Chief Procurement Office will review adjustment requests, subject to the review of industry-wide market conditions. If adjustments are approved,

RFQQ No. _____

the DSS contract will be modified to reflect the adjustment. The adjustment will be subject to negotiation by the Chief Procurement Officer.

(g) The contract modification reflecting the price adjustment shall be signed by the Chief Procurement Officer and made effective upon the date signed. The increases in contract prices shall apply to purchase orders or blanket orders issued to the contractor on or after the effective date of the contract modification.

DSS CONTRACT PRICE LIST

The contractor must prepare and distribute a Detroit Supply Schedule Price List in accordance with the following:

- (1) The commercial price list must show accepted discounts and shall obligate all items, terms and conditions.
- (2) Submit a price list which contains only net prices based upon the commercial price list less discounts accepted by the Chief Procurement Officer.

The cover page of the Detroit Supply Schedule Price List must include the following information prepared in the following format:

- (a) CITY OF DETROIT
Detroit Supply Schedule
Authorized Detroit Supply Schedule Price List

Schedule Title
Detroit Supply Schedule Contract Number
Contract Period
Contractor's name, address and phone number
Contractor's internet address
Business Size

- (b) CUSTOMER INFORMATION
-

RFQQ No. _____

OPTION TO EXTEND THE TERM OF THE CONTRACT

The Chief Procurement Officer may require continued performance of this contract for an additional 5-year period when it is determined that exercising the option is advantageous to the City of Detroit considering price and other factors. The option may be exercised for all or a portion of the additional 5-year period. When the option to extend the term of this contract is exercised the following conditions are applicable:

- (a) It is determined that exercising the option is advantageous to the City of Detroit considering price and other factors specified in (b through d below).
- (b) The contractor's pricelist has been received, approved, posted and kept current.
- (c) Performance on this contract has been acceptable.
- (d) Set-aside subcontracting goals have been submitted and approved.

The Chief Procurement Officer may exercise the option by providing a written notice to the contractor within 30 days before exercising the option prior to the expiration of the contract or option.

When the Chief Procurement Officer exercises its option to extend the term of this contract, prices in effect at the time the option is exercised will remain in effect during the option period, unless an adjustment is made in accordance with the Economic Price Adjustment or Price Reduction term and condition.

NOTICE REGARDING OPTIONS

The City of Detroit has included an option to extend the term of this contract in order to demonstrate the value it places on quality performance by providing a mechanism for continuing a contractual relationship with a successful offeror that performs at a satisfactory or above level. When deciding whether to exercise the option, the Chief Procurement Officer will consider the quality of the contractor's performance under this contract.

CONTRACT SALES CRITERIA

A DSS contract will be awarded without any anticipated sales within the first 12 months following contract award.

The Chief Procurement Officer may cancel the DSS contract at anytime.

RFQQ No. _____

SOLICITATION UNDERSTANDING

This solicitation is reserved for certified Detroit businesses from which the City of Detroit contemplates award of contracts for the services listed in the Schedule of Items. This solicitation will remain reserved and in effect unless replaced by an updated solicitation or until the period of performance expires.

There is no closing date for receipt of proposals, therefore, offers may be submitted for consideration at any time up until 12 months prior to expiration of the period of performance.

A proposal may be rejected if an offeror fails to meet timelines established by the Chief Procurement Officer either to address deficiencies in the offer or submit a best and final offer. A resubmission(s) is permitted; however, it may be rejected immediately if it is still deficient in the area(s) that caused its initial rejection.

DSS contracts awarded against this solicitation will be in effect for five (5) years from the date of award unless the five (5) year option is exercised pursuant to the Option to Extend the Term of the Contract, canceled pursuant to the Cancellation clause or terminated pursuant to the termination provisions of this contract.

If a firm was previously awarded a DSS contract that was terminated or allowed to expire due to low or no sales, a new proposal for the same DSS will not be considered unless a minimum of 12 months have passed since the effective date of the termination or expiration date of the previous contract. Any proposal submitted prior to the completion of this 12-month will be rejected.

NEW SERVICE OFFERINGS

If new services are offered within the scope of the Detroit Supply Schedule, but not currently available on the Detroit Supply Schedule that provides a new service that may provide a more economical or efficient manner for the City of Detroit to accomplish its mission, contractors are encouraged to provide the new service offering to the Chief Procurement for consideration as Special Item Number.

A new or improved services can be offered at any time. The Chief Procurement Officer will evaluate the Special Item Number, and a technical review will be performed. Contractors may be required to demonstrate that the new service offering can provide a more economical or efficient manner for Detroit agencies to accomplish their mission.

The Chief Procurement Officer has the sole discretion to determine whether the service will be accepted and added to the Detroit Supply Schedule as a Special Item Number.

RFQQ No. _____

PERFORMANCE REPORTING REQUIREMENTS

This applies to all contracts estimated to exceed \$25,000.00:

Unless otherwise notified in writing by the Chief Procurement Officer, the contractor may assume contract performance is satisfactory.

If negative performance is submitted by ordering activities, the Chief Procurement will notify the contractor in writing and provide feedback from any complaints received. The contractor will have 30 calendar days from receipt of this notification to submit a rebuttal and/or a report of correction action taken.

The Chief Procurement Officer will decide what punitive action, if any, that will be accessed.

Part 3 – Evaluation Criteria for Contract Award

EVALUATION OF PROPOSALS

The Chief Procurement Officer may make multiple awards for the services offered in response to this solicitation. Awards may be made to the responsible offerors that offer reasonable pricing, conforming to the solicitation, and will be most advantageous to the City of Detroit, taking into consideration, compliance, price, delivery requirements and other pertinent factors.

A wide selection of comparable services gives ordering activities the opportunity to fulfill their requirements with the ITEMS that constitute the best value that meets their needs at the lowest overall cost.

A written notice of award will be furnished to the offeror and shall result in a binding contract without further action by either party.
