

Handled - pricing & pay split by service

Generated 2026-10-09_0231 UTC directly from the pricing engine the website and app use - every number below is what a customer is charged and a pro is paid today. For review: is each price right?

How every booking is split

Rule	What happens
Booking fee	\$4 on every booking of \$20+, paid by the customer, kept by Handled (not shared, never discounted).
Commission (Handled's cut of the service price)	Slides with job size: 15.0% on jobs up to \$60, rising evenly to 32.0% on jobs \$600+. Small jobs keep pros happy; big jobs carry more.
Limits	Handled's total share (fee + commission) is always between 15.0% and 35.0% of the price. Some equipment-heavy services are capped lower (e.g. water heaters 15%).
Pro pay	Service price minus commission, rounded DOWN to the dollar. Pro+ pros earn +3% of the price, Elite +5% (Handled always keeps at least 15%).
Card processing	Stripe 2.9% + \$0.30 per payment comes out of Handled's share (shown as 'Handled net').

The sliding scale at a glance

Customer pays	Pro gets	Pro %	Handled keeps	Handled %	Commission
\$25	\$17	68.0%	\$8	32.0%	15.0% + \$4 fee
\$64	\$51	79.7%	\$13	20.3%	15.0% + \$4 fee
\$104	\$83	79.8%	\$21	20.2%	16.3% + \$4 fee
\$154	\$123	79.9%	\$31	20.1%	17.8% + \$4 fee
\$204	\$161	78.9%	\$43	21.1%	19.4% + \$4 fee
\$304	\$232	76.3%	\$72	23.7%	22.6% + \$4 fee
\$404	\$297	73.5%	\$107	26.5%	25.7% + \$4 fee
\$504	\$355	70.4%	\$149	29.6%	28.9% + \$4 fee
\$604	\$408	67.5%	\$196	32.5%	32.0% + \$4 fee
\$1,004	\$680	67.7%	\$324	32.3%	32.0% + \$4 fee
\$2,504	\$1,700	67.9%	\$804	32.1%	32.0% + \$4 fee

Example booking - House & Office Cleaning

A typical one-time clean booked on the website (the calculator's default job: 1,800 sq ft home, 2 bathrooms, 3 bedrooms).

What the customer sees	Amount	Where the money goes	Amount	% of price
1,800 sq ft	\$153	Booking fee (to Handled)	\$4	2.0%
1 extra bathroom	\$25	Service price	\$193	
1 extra bedroom/office	\$15	Commission on service (19.2%, to Handled)	\$38	19.3%
Booking fee	\$4	PRO IS PAID (rounded down)	\$155	78.7%
Customer pays (upfront)	\$197	HANDLED KEEPS (fee + commission)	\$42	21.3%
		Card processing (Stripe)	-\$6.01	3.1%
		Handled net after card fee	\$35.99	18.3%

Same job by pro tier

If the pro is...	Pro is paid	Pro %	Handled keeps	Handled %
Pro	\$155	78.7%	\$42	21.3%
Pro+	\$160	81.2%	\$37	18.8%
Elite	\$164	83.2%	\$33	16.8%

Same job on a weekly plan (20% off each visit)

Per visit, customer pays	Pro is paid	Pro %	Handled keeps	Handled %	Handled net
\$158	\$126	79.7%	\$32	20.3%	\$27.12

Plan discounts come out of the price before the split, so pro pay drops with the price; the \$4 booking fee is never discounted.

Every service - typical job

Typical job = the booking calculator's default answers for that service (what a middle-of-the-road order costs). Pro \$/hr uses the engine's time estimate; services marked M include materials, equipment, vehicles or disposal the pro pays for, so their \$/hr is not pure labor. SV = firm price after a free site visit (shown here at the calculator baseline).

Service	Notes	Typical price	Pro gets	Pro %	Handled keeps	Handled %	Est. hours	Pro \$/hr	Min. job / pro
Cleaning & Organizing									
Carpet & Upholstery Cleaning		\$151	\$120	79.5%	\$31	20.5%	1.5	\$80	\$133 / \$106

Across all 60 services' typical jobs: pros get 68.3% and Handled keeps 31.7% of the dollars (weighted by price). Per job, Handled's share ranges from 15.3% to 32.5%.

What to check - is the pricing right?

1. Pro pay may be too low (under \$30/hour of estimated work, before the pro's gas and costs)

Pros may pass on these offers. Consider raising the price or the minimum, or checking the time estimate.

Service	Typical price	Pro gets	Est. hours	Pro \$/hr
Medical Deliveries	\$33	\$24	1.4	\$17.14
Errands & Pickups	\$57	\$45	1.8	\$25
Same-Day Courier	\$39	\$29	1.1	\$26.36
Security Guards & Patrol	\$292	\$224	8	\$28
Dog Walking	\$139	\$111	3.8	\$29.21

2. Pro pay is very high per hour (over \$150/hour) with no materials flagged

None - every high \$/hour service includes materials, equipment or disposal.

3. Handled's share by job size

11 services have a typical job under \$100; on those Handled keeps about 21.3% on average, and after card fees roughly \$12.19 per job. Small jobs are where the business is thinnest - recurring plans, Handled Plus and add-ons help.

4. How to change a price

Each service's price formula and minimum live in packages/core/src/services.ts; the split rules in packages/core/src/pricing.ts. Prices also adjust automatically by area from what pros accept (Hub -> Market pricing), and Hub -> Pricing accuracy flags services that look mispriced once real jobs come in. Tell me which services to raise or lower and by how much, and I'll change them and regenerate this report.
